

**TRAC MEETING NOTES**  
**August 25, 2024**

Attendees: Ginger Bulkeley, Chair  
Scott Sweet, Vice Chair  
Tim Schad, Secretary  
Mike Duval, Resident

Meeting notes from 8/25/24 were presented and approved.

- The Chair met with the Selectmen to review the list presented to them in August for current recorded data available. The Selectman will give current information they have, and request that the Road Agent bring current recorded information. We would like the Road Agent to supply current fall projects.
- Tim Schad submitted road plans created from DOT maps as a base to look at this fall's projects. It is most important to create digital maps for 2025.
- Review culvert/owner maintenance.
- Scott & Tim to create material specs for and get proposals from vendors for 3" stone, 2" stone, 1 ½" ledge pack, 1" hardpack, and sand.
